

Writing Literature Review

1. Find some research articles related to your selected topic.
2. Think of a heading that can be a part of your discussion (LR, Chapter: 2)
3. Use paraphrasing or quotations to use the borrowed ideas from the paper(s).
4. Make sure your paragraph has:
 - topic sentence
 - the connection between the pieces of research cited
 - clear implications of the cited research for the topic
5. Use IEEE style for (a). In-text citation, (b). Entry in the Reference List

IEEE: In-text Citation

- In IEEE citations, the references should be numbered and appear in the order they appear in the text.
- When referring to a reference in the text of the document, put the number of the reference in square brackets. Eg: [1]
